

Oura Frontend Mockups

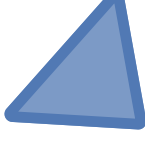

IYA x Ellison

Evan Chee, Lauren Graham, Sama Shah

ACAD 280
Prof. Aaron Siegel

Goals

1

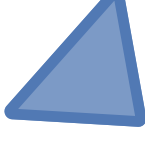

Visualize Oura
Data in a clinical
contexts

2

Allow customizability,
interactions, and
variety of data
comparisons

3

Offer new
touchpoints
between patient
and clinician

Interface

Timelines

Visual Identity

Clean & simple

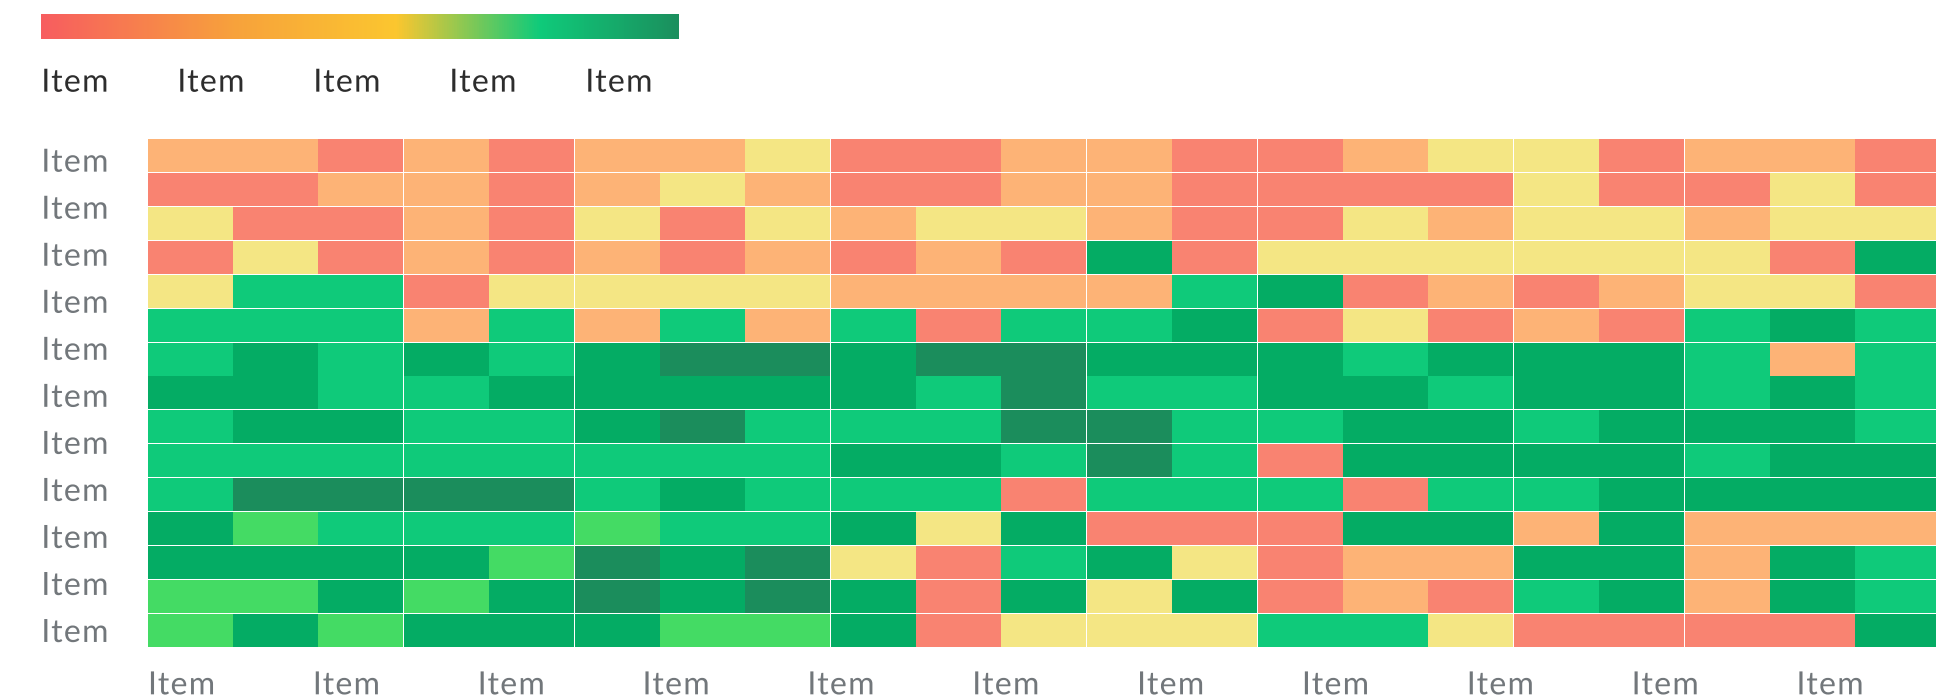

Lots of whitespace

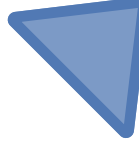

Distinct colors

Next Steps

Statistics page

1. How much value does raw data i.e. excel sheets provide?
2. Would you be interested in representing granular data types in chart form?
3. What granular Oura data is useless for you (ex: avg, max, min heart rate)?

[illegible]

Thank You!
